

PAT ON THE BACK

The Pat on the Back program was developed by the Dean of Students' Office Staff Development Team to recognize staff members in the Dean of Students' departments for their personal, academic, and professional accomplishments. A **Pat on the Back Award** may be recommended by anyone to any staff member who works in a Dean of Students' department. Recipients will be recognized at the monthly staff development meetings and events. Please take a moment to acknowledge a staff member and share this program with your colleagues. Thank you for helping us to continue to support all of your outstanding Dean of Students' team members!
